INSTRUCTIONS ON TELEPHONE OPERATION FOR

P. A. R. X.

1. HOW TO MAKE AN INTERNAL CALL -
Lift handpiece.
On receipt of dial tone, dial wanted extension number.
2. HOW TO MAKE A LOCAL EXCHANGE CALL -
Lift handpiece.
On receipt of dial tone, dial 0.
On receipt of second dial tone, dial the wanted exchange number.
3. HOW TO TRANSFER A CALL -
In all cases :
First, ask whether the caller is ringing from inside or outside the Board.
If from inside, the call cannot be transferred, so ask the caller to dial the required extension.
If from outside,
 - (i) Request the caller to hold the line.
 - (ii) Press the transfer button (Dial tone will be heard).
 - (iii) Dial the wanted extension number.
 - (iv) When answered, tell the person answering that you are transferring a call to that extension, and ask that person to hold the line.
 - (v) Replace your receiver, and the call will be transferred automatically.

If you or someone else has originated the call through the Head Office switchboard operator (e.g. a trunk call to a Division) you can only transfer the outside person you are calling to another extension by referring the call back to the Switchboard.

In this case -

- (i) Tell the other party that you will refer the call back to the Switchboard, after which they can ask for the desired extension or person.
- (ii) Replace the receiver, and the call will be transferred automatically to the switchboard operator.

4. HOW TO RECEIVE A TRANSFERRED CALL -
On having been informed that a call is to be transferred to you DO NOT "HANG UP". An audible click will occur when the person transferring the call replaces his receiver. You may then commence your conversation.
5. HOW TO TRANSFER AN INCOMING CALL BACK TO THE SWITCHBOARD OPERATOR (without speaking to the operator)
Request the caller to wait.
Press then release the "TRANSFER" button.
Replace the receiver, and the call will be transferred automatically.
6. HOW TO TRANSFER AN INCOMING CALL BACK TO THE SWITCHBOARD OPERATOR - but you desire to speak to the operator before the call is transferred
Request the caller to wait.
Press the "TRANSFER" button.
On receipt of dial tone, dial 9.
When switchboard operator answers, briefly explain the circumstances, then replace your receiver.
The call will be transferred automatically.
7. HOW TO OBTAIN INFORMATION FROM ANOTHER EXTENSION OR FROM AN OUTSIDE NUMBER WHILST AN INCOMING CALL IS IN PROGRESS -
Request the caller to wait.
Press the "TRANSFER" button.
On receipt of dial tone, dial your wanted number in the usual manner.
At the conclusion of your information call, NO NOT "HANG UP", press your "TRANSFER" button and your first caller will be returned to you.

TIE-LINE CALLS BETWEEN HEAD OFFICE, SYNDAL DEPOT AND DANDENONG DIVISION -

- (a) Head Office to Syndal or Dandenong -
Lift handpiece.
On receipt of dial tone dial the tie-line number
6 for Syndal Depot
7 for Dandenong Division
On receipt of dial tone, dial the wanted extension number.
- (b) Syndal or Dandenong to Head Office -
Follow procedure outlined in (a) above except that the tie-line numbers are -
Syndal to Head Office - 1
Dandenong to Head Office- 50

- (c) Syndal to Dandenong -
Lift handpiece.
On receipt of dial tone, dial the Head Office tie-line number - 1
On receipt of dial tone, dial the Dandenong tie-line - 7
On receipt of dial tone, dial the wanted extension.
- (d) Dandenong to Syndal -
Lift handpiece.
On receipt of dial tone, dial the Head Office tie-line number - 50
On receipt of dial tone, dial the Syndal tie-line number - 6
On receipt of dial tone, dial the wanted extension.

SPECIAL FEATURES

An incoming call will be automatically transferred back to the operator if the call is unanswered on the expiration of about 45 seconds.

DIAL TONE

It is important with crossbar P.A.B.X. equipment, that the dial tone be obtained before commencing to dial and during dialling when another exchange is being contacted, e.g. after dialling 0 for a local exchange call or after dialling 6 or 7 for a tie-line to Syndal or Dandenong Division.

INDIALLING

Indialling facilities are now installed in the Head Office P.A.B.X. For the convenience in regular incoming telephone calls and to ease the load on the switchboard, officers should advise these callers of the indialling number. This is 860 followed by the extension number, e.g. a call for extension 2505 can be made direct to that extension by dialling 860 2505.

TELEX

1. Availability of Telex

The Board has Telex machines installed at the following locations for use in general.

<u>Location</u>	<u>Telex No.</u>
Head Office (Room 523)	31650
Traffic Section (High Street Annex)	32390
Syndal	32430
Bairnsdale	51576
Ballarat	39673
Benalla	56472
Bendigo	39521

<u>Location</u>	<u>Telex No.</u>
Geelong	32393
Horsham	55839
Traralgon	39550
Warrnambool	55199

These machines are also available for communicating with the other teletypewriter installations throughout Australia and overseas as listed in the Telex Directory issued by the Australian Post Office. (Copies of the Telex Directory are in the possession of Floor Controllers. Administration Officer and Senior Correspondence Officer. Copies have also been supplied to the Materials Research Division.)

2. Transmission Times

Messages may be transmitted from Head Office during normal office hours.

3. Telex message forms (Form 1254)

These have been distributed to the Floor Controllers on each floor at Head Office and further supplies can be obtained from the Stationery Store.

4. Preparation of Telex Messages

Telex messages shall:

- be prepared on Telex Message Forms by typewriter or neatly printed block capitals;
- quote name and initials of sender and file number where appropriate;
- be signed by the originator;
- have the date and time recorded on the form.

The original only is to be forwarded to the Senior Correspondence Officer for transmission to the operator.

5. Confidential Messages

Confidential messages are to be delivered to the Senior Correspondence Officer in a sealed envelope marked 'CONFIDENTIAL'.

6. Despatch Procedure and Distribution of Copies

- Head Office staff are to ensure that the messages for despatch are delivered promptly to the Senior Correspondence Officer Fifth Floor, Room 527. PROMPT delivery is an essential function of a Telex Service.
- Outward Messages

After transmission, the Telex message form and the original of the transmitted message will be required to the originator. If the message is confidential it will be returned in a sealed envelope marked 'CONFIDENTIAL'. The duplicate copy will be retained by the Senior Correspondence Officer.

(c) Inward Message

The original Telex copy will be handed to the Senior Correspondence Officer for delivery to the addressee. The duplicate copy will be retained by the Senior Correspondence Officer.

7. Registration

It will be the responsibility of the originator of an outward message and the addressee of an inward message to ensure that the papers are subsequently forwarded to Correspondence Registry for placing on the appropriate correspondence file.

8. Telegrams

All telegrams will be despatched to Telecom on the Telex Messages, if not on a telegram form should be :

- (a) clearly marked 'TELEGRAM'
- (b) typed or neatly printed in block capitals
- (c) signed by the originator, who should record the date and time, and file number if known.

Inward telegrams may also be received on the Telex.

All telegrams will be dealt with urgently and procedures described above for despatch and distribution of copies will apply.

9. Conciseness

Telex messages should be as concise as possible with phraseology similar to that normally adopted in telegrams, but care should be taken not to sacrifice clarity for brevity. Excessive use of punctuation marks should be avoided.

FIRE ORDERS

HEAD OFFICE - MAIN BUILDING

1. FIRE ALARM BUTTONS AND FIRE FIGHTING APPLIANCES

Fire alarm and fire fighting appliances are located on each landing of each staircase and additional fire alarms and appliances are sited in various parts of the building. Make yourself familiar with the location of those nearest to your normal workplace.

2. FIRE CONTROL OFFICERS

For each building there are nominated Fire Control Officers. The officers for this building/Floor are :

Building Emergency Control Officer	1.....
Deputy	2.....
Floor Fire Control Officer	3.....
Deputy	4.....
Fire Officers For Floor	5.....
	6.....
	7.....
	8.....

(In space above, please insert names of officers at your location)

3. ACTION IN THE EVENT OF FIRE

(a) BY THE PERSON DISCOVERING THE FIRE

- (i) Break the glass on the nearest fire alarm and press button.
Fire alarms are located on walls of stairways immediately adjacent to the doors.
- (ii) Obtain the nearest fire extinguisher of a suitable type and endeavour to extinguish the fire.
- (iii) Call the attention of the nearest officer and ask that the Fire Control Officer be notified.
- (iv) On the arrival of the Fire Control Officer carry out his directions.

(b) BY OTHER PERSONNEL IN THE VICINITY

- (i) Close all doors and windows nearby to retard the spread of the fire.
- (ii) Switch off all electrical appliances and equipment.
- (iii) Obey directions given by the Fire Control Officer.

4. EVACUATION OF BUILDING

In the event of a serious fire, it may be necessary to evacuate one or more floors of the building. Instructions to evacuate a floor will be given by the Fire Control Officers in attendance who will direct staff to the nearest safe exit.

Do not attempt to use the lifts as these could prove to be death-traps in a fire.

5. HINTS ON PERSONAL SAFETY

- (a) Do not panic, but move in an orderly manner.
- (b) Do not attempt to pass others or run.
- (c) Do not return for personal belongings.
- (d) In a smoke filled room or corridor keep as near to the floor as possible.
