

Kiren Badesha

Rodney Blythe provided the following message on Facebook when Kiren died.

RIP Kiren Badesha. 19 July 1962 to 31 May 2025

Kiren worked at VicRoads in Kew in the '80s, 90s and 2000s, starting in the Comms area, and her last role was in the R&L Department. She was a brilliant writer and always had a keen interest in what was going on in government

I kept in contact with Kiren, and although she had a few health issues in her later years, she still loved to share her views (in extremely long text messages) on the current state of politics. I'll raise a glass of wine and a slice of pizza to her on my next visit to Buoy (La Porchetta) in Kew.

Kiren's wish was for a private cremation.

A number of former colleagues and friends then added the following comments on Facebook.

Trevor Boyd

Kiren managed sensational outcomes on many of my projects. And she was a tremendous support for many media ventures. It was always a pleasure working with Kiren. And yes, you knew where you stood and that was always helpful. Fond memories.

Patsy Kennedy

Thanks Rodney I think of Kiren when I'm near the plaza. RIP Kiren life was sometimes hard for you

Bill Gouliotidis

It's sad to hear of Kiren's passing. She certainly let you know what she felt and thought. Always was happy to have an argument but never held a grudge.
